LinkedIn: <https://www.linkedin.com/in/amina-hassan>

Summary

Builds strongly typed TypeScript libraries with runtime validation and a broad automated test suite. Comfortable owning developer tooling end to end.

Skills

TypeScript, JavaScript, Node.js, automated testing, GitHub Actions, CI/CD

Experience

- Implemented a runtime type-checking library used across internal services.
- Designed the type test suite that guards every public API signature.
- Maintained the GitHub Actions pipeline for lint, test and release.
